*Specialists in Evaluation, Treatment, and Consultation Since 1965*

## **Attention All Dr. Roger Perilstein's patients**

Re: Insurance Policy Changes

Due to changes in our office infrastructure and the increasing demands of insurance companies, we have been forced to implement a new policy regarding the filing of insurances.

In the past we have been able to file as a courtesy to our patients, however; effective January 1, 2006 we will no longer be doing this if Dr. Perilstein has not signed a contract with your particular insurance company. As his practice has grown, so too has the number of insurance plans brought to the office by patients. It has become too difficult for us to file them all. Therefore if you have an insurance carrier with whom Dr. Perilstein is not under contract, you will be responsible for the payment in full at the time of service. Your receipt (the yellow sheet) carries all the information for you to file on your own.

Thank you for your understanding and cooperation in this matter.
